"Your resource for independent living"

**Homemaker Service
Personal Care Assistance
and HelpLine[®]
(Medical Alert Systems)**

Insured & Bonded

DIFFICULT DECISIONS

An increasing number of aging Americans are finding it more and more difficult to manage the tasks of daily living on their own. Being able to do so may mean the difference in remaining at home or moving to an assisted living facility. If a helping hand is all that is needed, we may be able to offer just the solution.

Home Support Services is a state-registered, non-medical PCA agency. We provide Homemaker, Personal Care Assistance and **HelpLine**® medical alert services. Our primary objective is to make it possible for our clients to remain safe, at home, and independent for as long as possible.

MAINTAINING LIFESTYLES

Our Homemaker Service is best suited for clients who simply need a little help with housekeeping. Maybe, having someone to clean the bathroom or mop the floor is all that is needed. Someone to do the grocery shopping, laundry or to just talk to might make all the difference.

On the other hand, our PCA Service is for clients who require hands-on assistance. Homemaker Service is just not quite enough to meet their unique needs. Help with getting in and out of the shower or moving about the home may ensure their safety and well-being for years to come.

Our Team caters to your needs. You and your loved ones can count on receiving assistance from our caregivers with respect and compassion at all times.

The mission of our company is to promote and protect the continued independence of each of our clients.

AFFORDABLE SOLUTIONS

Professional services may be scheduled to occur daily or weekly. However, the frequency and duration of our visits are always up to you. (NOTE: We do have a 2 hour minimum for each visit).

Working with you, and/or family members, we will create a Plan of Care that is designed to meet your particular needs.

It will list the specific days and times that each visit will occur (along with tasks to be completed on each of those visits).

Whenever possible, we assign the same Homemaker or PCA to provide your service.

Finally, all Homemaker and PCA clients receive deep discounts for our medical alert service. Savings are based on the number of weekly visits. For example:

| Weekly Visits | Monthly HelpLine ® Fee |
|---------------|-------------------------------|
| 1 | \$19.95 |
| 2 | \$ 9.95 |
| 3 or more | FREE |

PEACE OF MIND

When we enter the homes of our clients, we do so with the understanding that a special trust has been placed in our hands. A trust we must never violate.

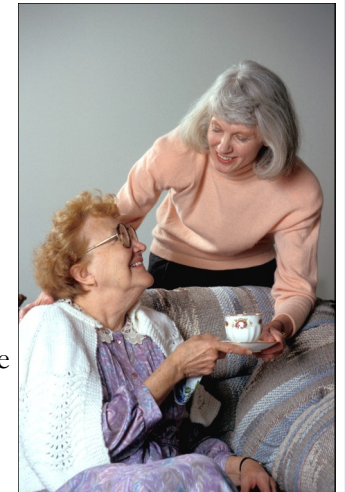

Accordingly, Home Support Services' employees must undergo an extensive background check and interview process. Also, Personal Care Attendants must be registered with the State of Maine.

WHAT WE DO

Listed below are just *some* of the tasks that we do for our clients. Let us develop a comprehensive plan of care for you too. These flexible, affordable services may be just what is needed for you to remain safe and secure in your own home.

We can help with:

- Light Housekeeping
- Mopping/Sweeping/Vacuuming
- Laundering Clothes/Linens
- Grocery/Pharmacy Shopping
- Running Errands
- Meal Planning
- Meal Preparation
- Incontinence Care
- Bathing, Dressing
- Transfer Assistance
- Transportation
- Companionship
